

Thank you for your interest in the 2010 WSC time of fasting and prayer. When we fast and pray we have a justifiable expectation to see the miraculous in our situations. The Spirit of God has impressed upon me to lead those who are willing hearted into 30 days of fasting and prayer for supernatural results for our 2010 Experience Transformation 2010 Conference!

Each year, I set aside specific times of fasting and prayer for the conference and I have seen amazing results in my personal life as well as the conference. I know as you commit yourself to this time of intercession, God will cause supernatural things to happen not just at the conference, but for you personally.

This three day life-coaching conference, with the added bonus of the live performances and movie premiere, will help each attendee to overcome past hurts, set-backs and experience a personal transformation that leads to success in every area of their lives. The conference is set to help you create a "**brand new unstoppable you**" and it will catapult each of us towards God's best and the favored life that He has planned for us.

I declare that we will experience a refreshing sound from Heaven that will realign and reset our emotions and mentality, causing us to refocus on God as our source. I declare that the angels hear our heartfelt intercession and the floodgates of Heaven are open! This is our season of spiritual connections, divine favor manifestations, radical personal transformations, spiritual renewal and restorations.

This call to prayer and fasting is most urgent. I pray that you will embrace this time of prayer and fasting with all your heart. I believe these 30 days of prayer and fasting will be life-changing as we covenant together to spend time communicating with God the Father, Son and Holy Spirit. I know we will see a move of God like we have never seen before at this year's conference and without a doubt, the Holy Spirit will manifest His Power in our midst as we rely on Him!
